DETAILED ACTION

Allowable Subject Matter

1. Claims 1-21 allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant's amendments and arguments filed 10/18/2005 are persuasive to overcome the previous rejection based on Kaneko and Yoshioka. Furthermore, with respect to all claims, the prior art of record does not disclose that the carrier transfer device control section controls the carrier transfer device to store a carrier on the carrier holding members of the carrier stock section, when it is judged possible to apply a liquid processing to substrates in the carrier with reference to an inspection result obtained by the substrate inspecting device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. This application is in condition for allowance except for the following formal matters:

This application is in condition for allowance except for the presence of claims 22-50 to an invention non-elected with traverse in the reply filed on 2/15/2005.

Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever

is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **ONE MONTH** from the mailing date of this letter.
